

NAVAL HOSPITAL

Turn from Hagatna up San Ramon Hill toward Agana Hgts and the Governor's House.

Pass the Governor's House on the right and proceed down the road passing the main entrance to the Naval Hospital.

Continue down the road and after you pass KNS Store on your left, get into the turning lane.

Stay in the turning lane until it comes to an end. (You will be at the top of what is known as snake road)

(If you want to park here and walk up the hill it might be easier to get out later.) We have limited parking at the house.

Otherwise turn left and drive up the hill into a small neighborhood.

At the top of the hill turn right. We are the 2nd house on the left - the only 2 story house.

You can enter from either side of the house - the right will take you directly to the pool area, if you want to enter via the house proceed to the left side of the house past the double doors (my office) and you will see our entrance (Our door has a large lighted wreath on it) Just come on in!
If you get lost call **Jean at 688-5873** or **Jillette at 687-3167**.
